Ai Weiwei: Circle of Animals/Zodiac Heads

Twelve golden animal heads loaded with weighty, contrasting symbolism have arrived at ARKEN. Circle of Animals/Zodiac Heads, 2010, by the Chinese artist Ai Weiwei, is on long-term deposit from the Frahm Collection.

So far, millions of people around the world have seen Ai Weiwei's reinterpretations of the 12 signs of the Chinese zodiac that once adorned a legendary fountain at the Yuanming Yuan palace in Beijing and were reserved for the eyes of the privileged few.
